

# Florida Traffic Safety Grant Program (FL Schools / 501(c)(3) Organizations)

For over 100 years, AAA has worked with schools to keep students safe as they arrive, attend and travel home. The AAA School Safety Patrol® program and AAA PROMise are two well known examples of this partnership. Traffic Safety has always been at the heart of what we do and we continue that tradition today by offering a grant program to all Florida schools and other interested 501(c)(3) organizations. This will provide elementary, middle and high schools with an opportunity to submit requests for monetary assistance with traffic safety programs and equipment.

First consideration will be given to requests that involve the following priority areas for AAA:

- Teen Driver Safety
- Distracted Driving
- Impaired Driving
- Pedestrian Safety
- Bike Safety
- Occupant Protection
- Senior Mobility
